an Ocean of possibilities

Like the ocean, continually growing and changing, Medfield High School is a place brimming with potential for the wide-open futures of all its students. Whether it's moving to a new place or welcoming a new dean, change is a part of our lives. Every day, MHS presents us with countless opportunities to generate change, reach our fullest potentials, and test new waters. Medfield invites us to explore un-traveled seas and find our own inspirations. It is a community open to change. This year, we embraced new faces in our administration, as well as an entirely new high school. We had to adjust to the change in environment, but we all jumped into the adventure together, eager to venture into the unknown. Keeping our heads above water, we helped each other learn to swim. Still, we as students would not have thrived without the teachers, coaches, and school staff who helped keep us afloat.

At the end of the 2005-2006 school year, students will dip into new waters. Underclassmen will follow the changing tides into their next year at MHS. Seniors will ride the waves into unknown oceans far and wide. And for every span of water each senior encounters, there lies an ocean of possibilities. Although it is hard to imagine living anywhere but our high school environment, the staff, the Medfield community, and our friends and families have prepared every senior for these new places. Thanks to them, we have realized the endless potential in ourselves. The seas may be choppy at times, but smooth sailing is always just around the corner. There is unlimited room for all Medfield High School students' ambitions in the infinite Ocean of Possibilities we swim in.

an Ocean of possibilities

Not only is the Medfield High School developing in size and scope of opportunities, but also the town continues to flourish in many new ways. The once small and sheltered "pond" known as Medfield has burgeoned into a diverse and dynamic "ocean." Involved administrators and concerned citizens work together to create new programs to educate, entertain and involve the public. Continuing education programs, dance studios, intramural sports, theater, music, the arts and senior center events are only a few of the activities that bring folks together. In addition to drawing new residents to Medfield, these opportunities strengthen the bonds of the community and reflect a sense of dedication.

This year, a remarkable experience broadcasted on television exemplified the wonders of giving back to a community, something Medfield has excelled in for years. On the show *Extreme Makeover: Home Edition*, hundreds of generous friends and neighbors united during the reconstruction of a Medfield home. The family faced a number of struggles and their situation began to resemble a sandbar on which they were grounded. The actual creation of the Johnson's house only took seven days due to the large number of ready volunteers and heartfelt desire to improve the lives of a deserving family. As students, and the "future generation," learning the importance of charity, contribution and commitment is a lesson that will be ingrained in our minds forever; the opportunity provided by *Extreme Makeover: Home Edition* taught this life lesson in a very tangible way.

In addition to Medfield's times of celebration, the townspeople have unfortunately endured heartbreak as well. The death or Eric Perkins in 2004 was a tidal wave from which many thought they could never recover. However, a tremendous amount of dedication and healing was reflected during the 2005 flag football tournament for the Eric Perkins Scholarship. Current senior, Sheila Gill organized the tournament with recent graduate Brad Garnett. The intentions of the organizers were to honor the memory of Eric in a communal and competitive way through the use of Eric's favorite sport. It was important to all concerned not to glamorize the event or create media hype. Not only were all goals met, but exceeded, especially in the number of participants and amount of scholarship money raised. In addition, the community was able to join together in a positive way and create a new Medfield tradition. Yet again, such opportunities bind the community together, allowing all involved to grow.

Early in the morning, the beach can often be found in a flawless condition. Untouched sand, calm waters and the aroma of sea salt fills the air. The very first person to stroll, run or cavort on this carpet of crystals will leave footprints, which will only last until the tides wash them away. As the day progresses, more footprints are molded in the sand only to be erased by the cool, blue water. The idea of tracking another's prints exactly would be impossible; following another's path is more realistic. Just like footprints in the sand, Medfield's events and memories cannot be recreated. The happenings, opportunities and relationships forged during this past year can never be experienced in the same way again, but future generations can follow our lead and create meaningful memories of their own by initiating opportunities for all.

an Ocean of possibilities

The tide has changed at Medfield High School; in order to accommodate the students interests, the range of possibilities has grown as well. The seniors have benefited this year from their personal space, the "Senior Lounge," while the juniors have the convenience of the new parking lot. Additionally, a dark room and television studio allow those interested in photography and media to take advantage of their passion for the arts. More involved in athletics? The workout room downstairs features state of the art equipment to satisfy one's hunger for exercise. Furthermore, Mr. Sperling has helped to organize the first rugby team in Medfield High's history. Fortunately, clubs, organizations and electives are guaranteed to move the current in the students' favor. Overall, MHS continues to broaden the students' horizons, preparing them for uncharted waters.

Top of the Food Chain

The annual Senior Picnic was held on September 30th, 2005. This year, the special event was Carnival-themed, complete with a moon walk and dunk tank. Throughout the day, students enjoyed an assortment of food off the grill, along with special desserts, such as cotton candy and snow cones. When they were not eating or lounging on the turf, the class of 2006 competed in a variety of games, including a pie eating contest and an egg toss. From the memories of dunking Mr. Delery and Mr. Mandosa in the dunk tank to spending a few hours outside with their friends, the Senior Picnic was an event the seniors will remember as their first taste of being at the top of the food chain.

an Ocean of possibilities

In a large ocean, a school of fish often adapts to unknown water when led by more expereiced fish. Here, at MHS, the faulty and administration lead the way, providing the students with the knowledge, inspiration, and challenge to surf the waves successfully. The faculty reveals the possibilities of the future and prepares students for the world ahead, ensuring the promise that an education in Medfield hands each individual great potential. From the front office and guidance personnel, to the library, learning center, cafeteria and custodial staff, the building is swimming with friendly faces to meet our every need. Inside classrooms, passionate teachers allow students to voyage the untraveled seas and gain creative, knowledgeable minds in countless subjects. For every wave tackled, the outstanding staff of MHS is there to guide the way!

Interviews

"Medfield is a special place to learn," says Mr. Stockbridge, history teacher of thirty-five years. "You have a community with a strong staff, involved parents, and self-motivated students who want to achieve." He begins every year with three main goals: to prepare students for college, help them master details of the subject matter, and facilitate "appreciation of what we have in our society." Passionate about education and the endless possibilities in learning, Mr. Stockbridge imparts to seniors: "Never stop learning. Education is the key to self-fulfillment and any career path. It's the key to freedom and enlightened ideas—both societal and personal."

Mr. Stockbridge

Ms. Brophy

As a teacher of five years at Medfield High School, Ms. Brophy says that Medfield gives students "a chance to be heard" and have a "forum for trying new things." She is now the first teacher at Medfield to teach Personal Safety, and also teaches Wellness and Activities for Life. In the future, Ms. Brophy plans to build a strong foundation for her family. She wishes to tell seniors not to "feel like everything must be planned out" and to "be open to trying new things."

Mr. Delery has been teaching at MHS for five years. This year he became the Math Department Chair, yet still continues to teach statistics. His favorite part of teaching at Medfield High School is "interacting with the students" and the "sense of community" that seems to rub off on everyone involved in the school. Recently, Mr. Delery underwent training for the Boston Marathon, a challenge he tackled this past April. His advice to the class of 2006 is: "hard work goes a long way and don't expect to have anything handed to you."

Mr. Delery

Mr. Heller has been teaching at MHS for six years, instructing the Advanced Writing Seminars I and II, as well as Journalism. Before coming to Medfield, he taught creative writing at the Walnut Hill School, and during summers taught literature to at-risk teenagers in the Upward Bound Program. Mr. Heller enjoys teaching at MHS because the Writing Center position allows him to teach flexibly and cater to specific writing needs of his students. With small classes, Mr. Heller is able to get to know students very well, and gives the following advice to his graduating seniors: "Try to follow your own heart, and dreams, and desires. Don't make compromises for the wrong reasons."

Mr. Heller

Mrs. Monroe has taught at MHS for four years, instructing American Literature, Yearbook Design and Publishing, and Expository Writing. She enjoys this school because students "have the opportunity to explore specific interests" in taking electives and doing other activities. Mrs. Monroe also values the professional relationships she is able to build with the students. In the years to come, she desires to "succeed in raising children who thirst for knowledge their entire lives." Her words of advice to the senior grade are "actively choose what you can cope with. Challenge yourself. But make sure you wake up every day satisfied with what your life has become."

Mrs. Monroe

an Ocean of possibilities

Under the sea with the underclassmen, new roles in the food chain have brought about new and exciting experiences for each class. This year's juniors now have sea legs, feeling comfortable as upperclassmen and learning to expand their circle of friends. Acquaintances with numerous faculty and classmates allowed juniors to release the angst that underclassmen carry with them through the high school's hallways. However, perhaps the most exciting experience for juniors was their own parking lot! Juniors concluded their school days with some socialization in their own space. The sophomores, finally floating above water, were thrilled that they were no longer at the bottom of the chain. These second-years enjoyed their first formal holiday dance at Medfield High School, a privilege they thirsted for as freshmen. Ninth graders spend their year treading water to stay above the rocky waves created by upperclassmen and academics. The status as a freshman was a new and exciting experience in itself, and most freshmen agree that they were delighted to be a part of the high school community. Indeed, underclassmen – a school of fish – swam together through their journey at Medfield High School.

an Ocean of possibilities

As Medfield High School expands, the ocean of possibilities continues to grow. One popular way that students express themselves is through the organizations available at the school. From the video club to the equestrian club, there is a broad range of activities open to anyone interested. An organization that has consumed nearly one-third of the entire school is the chess club. Like a hungry whale, founder Mr. Kramer lures students in because he hopes to help them exercise their minds.

The 2005-2006 school year served Student Council very well. Jumpstarting the year with the Freshmen Welcoming Dance gave Student Council great momentum to move into its fall season. October brought one of most popular pep-rallies in recent memory, and Spirit Week and the Homecoming Dance went off without a hitch. Student Council also raised $1,800 for the Medfield Home Community and the Food Cupboard through the Penny Wars. Also in the fall, Student Council collected over 6,500 cans to be donated to the Medfield Food Cupboard. Through the winter and spring, many more activities and fundraisers were executed by Stuco, including the annual Softball Tournament and the Sleep Out for the Homeless. Working closely with advisor Mr. DeSorgher and members of the administration, Student Council was also able to work out several concerns brought up by students. Overall, it was an extremely successful year for Student Council.

Great team chemistry paved the way to success for both Girls and Boys Cross Country this season. Captains Zack Nolan, Dave Hiltz, and Stevie Lang led one of MHS' best boys teams in history, as they continued their domination of the Tri-Valley League with a 7-0 record. Their depth took them all the way to a second place finish at the Class C Meet and a 4th place finish at the Division II State Meet. Girls, captained by Chrisanna Rogers, Briana O'Neil, and Emily Wilson, finished with a 5-2 record as several new runners made important contributions to the team. An extreme love and enthusiasm for the sport of cross country made this season one of the best ever for both teams.

"Cross Country is the greatest sport ever in the history of the universe."
- Emily Wilson

"Claremount '05! Even before our season started, our team was already a family. I'm going to miss everyone a lot. Good luck next year and thanks for the memories!"
- ChrisAnna Rogers

"Thank you so much for an amazing four years! Always remember to go hard, push good and finish fast. Good luck next year."

When asked to reflect on what makes the MHS Golf Team different, Brian Thomas, co-captain with junior C.J. Estes, thoughtfully replied "we fight to the finish." Overall the team had a successful season and finished second at States. Their biggest victory of the year, however, was their 6.5-5.5 win over Westwood because the team used every player. The consistently victorious team truly enjoyed the opportunity to play as a team. The graduating seniors hope that the team continues on its amazing path for years to come.

This year, the Field Hockey Team faced a number of challenges; the most noticeable was a new coach. However, the girls overcame these obstacles and experienced an amazing season led by Coach Mason along with captains Carolyne McManama, Briana DeSeignora, Jessica Schlesinger, and Deana Norton. During the season, the team bonded both on and off the field and played a number of games on the home turf under the lights. The team had a number of strengths, but Carolyne McManama felt that the most useful was "determination and the ability to stay positive," something many teams envy. Good luck to the girls next year!

The Girls Volleyball Team was the pride of the school this year. The girls had a record of 20-0 in the league and finally beat their all-time rival, Bourne. But the glory did not stop there – the team won the title of State Champions! At the championship, the team had an amazing comeback against Melrose; they won two games, lost the next two, and came up on top for the last match! Fans and members alike will remember the girls' amazing success throughout this historical season. Keep the chemistry of the team together and good luck to the team next year!

Girls and Boys Indoor Track finished off two excellent seasons this winter. The girls' team, led by captains Amy Skerry, Meghan Krupka, and Steph Martin, trained hard in the worst weather conditions and displayed strong performances in every event from the 45 dash to the two mile, especially in their meet against perennial rival Hopkinton. Captained by Zack Nolan, Mark Palermo, and Mike Ashcroft, the boys' team continued their own success in the league behind the strength of their distance runners and sprinters. Great team chemistry as well as immense depth proves very helpful to the both teams when they look forward to success in the TVL and Division 3 State Meet.

The Medfield/Dover-Sherborn Gymnastics Team celebrated its sixth year as a varsity sport. Three towns combine each season to create a group full of strength, devotion, and poise. Though each member earns individual scores, together the girls' performances yielded amazing results. The team's captain, Michelle Beatrice, remarked that team members "drive each other to do better and improve our skills." The girls accomplished many goals together and overall had an incredibly successful season.

The MHS Cheerleading Squad had an impressive season this chilly winter. The girls started off with marvelous teamwork at their first game in Bellingham. They performed well not only on their own, but also with the Bellingham cheerleaders. From there, they continued their cooperation and coordination at every game. One footed stunts were the squad's goal, which they quickly achieved! Good luck next winter girls! Continue making improvements and always smile!

This year, the MHS Girls Basketball Team consistently played strong on the court. After losing a close game against Hopkinton, the first placed team in the TVL, the girls were convinced to come out on top the second time around. Finally, when the big game day came, the team played with the utmost skill and beat Hopkinton! The enthusiasm, remarkably tight defense, and constant communication on the court proved to be the girls' greatest skills. Overall, the team, led by captains Sarah Mintz and Briana DeSeignora, had a wonderful season this winter.

Boys Warrior Basketball had another great season this winter. The strong and athletic team worked hard at each practice and their dedication was apparent at every game. Each player demonstrated great concentration and demonstrated advance skills on the court. Combined with their tight defense, the team was practically unstoppable. The major defeat of their rivals, Dover-Sherborn, boosted the team's confidence for future games. Captains Mat Reardon and Kevin Lynch enjoyed their time with all of the boys. Keep up the good work on the court!

This year, the MHS Swimming Team faced a difficult challenge: no divers. However, the small team proved they could reach victory without the extra members. Captains Hope Clunie and Katya Velichansky, along with the other swimmers, had a wonderful season full of exciting triumphs. The team came in fourth at DCLs! Strong camaraderie of the teammates helped them through their races. The support and enthusiasm of the team was overwhelming. Hopefully the team will continue to win and remain close next year!

This year, the Boys Hockey Team prided itself on three things: unity, winning their game against Westwood, and winning the Tri-Valley League. From their early morning practices to team dinners, the group spent ample time together. As a result, members quickly and successfully transformed from a team into a family both on and off the rink. The team consistently glided across the ice with agility and confidence as their fans roared loudly in the stands. Captains Stevie Lang, Chris O'Rourke, and Brian Thomas feel that the team's closeness enabled them to triumph over Westwood. The memory of beating their biggest rival will forever resonate in the hearts of each Warrior.

From emphatically stating your name, “Luke E Boy” to that piercing look of yours, you’ve always been a stand-out. We laughed till we cried with you at center stage during our “swearing sessions”! Remember chasing seagulls down the “Point”, swimming “From there to there” in that red mask, insisting on wearing those red rubber cowboy boots, watching Tom + Jerry in “Kee Cat” pajamas, and interpreting for “Lem” otherwise known as “Smee”. It has been a great ride.

You are a gift from God. Through your life you have challenged us to look at things taken for granted and to question, "Why?" ("Dad, Where does fire go when it goes out?"). You have a thirst for knowledge on your own terms. Brian, you bring to life such humor, love, and fun wrapped in a gentle, caring, and handsome package. We have always been so very proud of all you have accomplished. The extent of your talents is unmeasured, and still remains mostly untapped. In other words ("Partner") "Go get them! Embrace the world, for it is yours!"
We love you-XOX…

Flowers
Flowers are like children.
If you don't give flowers light, they will die.
If you don't give children education,
They won't have imagination.
Every minute a parent yells at their child, their hope dies.
You give hope to flowers by not stepping on them.
Flowers are like children.
They give beauty to our world.
So treat flowers right,
They are just children.
A poem by Laura Rianhard when she was just a child.

Laura, you have cast light, hope, beauty, and intelligence upon us and the world from the very beginning. We are very proud of you, and love you very much.

Love, Mom & Dad

Congratulations Class of 2006!

an Ocean *of possibilities*

As you look out on the vast sea of opportunity that lies before you, relish for one last time the feeling of sand between your toes as you sit on the safety of Medfield's beach. Soon, you will vacate these comfortable dunes and forge ahead to ride the waves of change on your own. For now, turn your attention back to shore and find many reminders of good times passed.

Observe a group of children playing on the sand, and remember mat-mazes, Dale Street field days, and Blake's school-wide volleyball tournaments. Watch a daring jet-skier and recall the thrill of scaling the "tire teepee." Mothers slather on sunscreen like girls applied glitter or guys combed their hair before Kids Night Out. See young boys and girls create sandcastles and remember the intent work on eighth grade solar cars. Hungry sunbathers devour sandwiches with all the zeal of a high school student consuming precious cookies at fourth lunch. Press a shell to your ear and hear the sounds of cheering students at a pep rally or MHS sports event.

Most importantly, remember the greatest thing Medfield can offer you: opportunity. It's laid out before you, wonderful chances to carpe diem and realize your dreams. At some point or another, paths will be unsure, so take a step back and remember that certainty is elusive. Nobody knows every logical answer to life; no one can tell you what to do with your gifts, your hopes, and your aspirations. The only place you'll find those answers is deep within you. Do what you love, love what you do etc—it's the key to success. Learning, ultimately, is just discovering what you're good at by process of elimination, and eventually you'll whittle down the choices to find something you can truly be happy with.

In the meantime, enjoy the days of fun in the sun that you have left until next fall. Spend time with family and friends, and thank the people who made life at MHS so special. Keep laughing about the good times we've had since 1993: the Macarena, Tamagatchi's, World Champs '04 and everything in between. If you still have those blue '06 T-shirts from kindergarten, dust them off. You might discover just how much you've grown. No matter how old you become, though, you will always be a part of the class of 2006. Think fondly of your childhood here and know this place will always be a dry haven to ground your feet on. The tide is calling towards the next adventure, college and beyond. But before you go, put some sand in your pocket—each grain is a memory.

Offering an Ocean of Opportunities

From a guidance counselor and club advisor, to a coach and a friend, Mr. Ormberg has been an inspiration to the class of 2006. He first began his career in Medfield as a counselor and a teacher at the Middle School. However, when the opportunity arose to work with and coach teenagers, Mr. Ormberg transitioned to MHS— alongside the class of 2006. For his devotion and great impact on students' lives, the yearbook is dedicated this year to Mr. Ormberg.

When a father approached him twelve years ago, asking for advice on his son's troubled adolescence, Mr. Ormberg knew that guidance counseling would be his future. He was moved by such courage and felt compelled to help in any way possible. Here at MHS, Mr. Ormberg has been a constant source of support in his position as a guidance counselor. Feeling that "good guidance is about how well you communicate with those around you," he thrives on the one-on-one environment with students. With the goal to prepare kids for the next phase of their lives, believe in every student's potential, and see them succeed, Mr. Ormberg opens his door to each individual—the athlete, the community server, the college applicant, or just someone in need of advice.

The greatest compliment Mr. Ormberg ever received was when a student told him, "You never talked to me like I was a kid." That's because he has spent his career respecting every student as an adult. Each year he is impressed to see the "wealth of student talent" at MHS. One of Mr. Ormberg's favorite involvements has been advising Community Teens for the past three years. He loves to see athletes "push themselves to a point where their effort far exceeds their ability" and believes that Medfield offers students abundant opportunity and strength in their education. Both inside and outside the hallways, Mr. Ormberg brings out the best in students. Senior Francesca Wanucha commented, "Whenever I walk into his office, there is just this aura of comfort. I always leave feeling so relieved. Regardless of the situation, I can count on him to offer support."

Those who know him the best...

"Mr. Ormberg helped me out with college even though he's not my guidance counselor, and helped me organize the tournament for Eric Perkins. He is a go-to-guy if you ever need anything. With him, his door is always open. Being a senior, I couldn't ask for a faculty member to know better."
- Sheila Gill

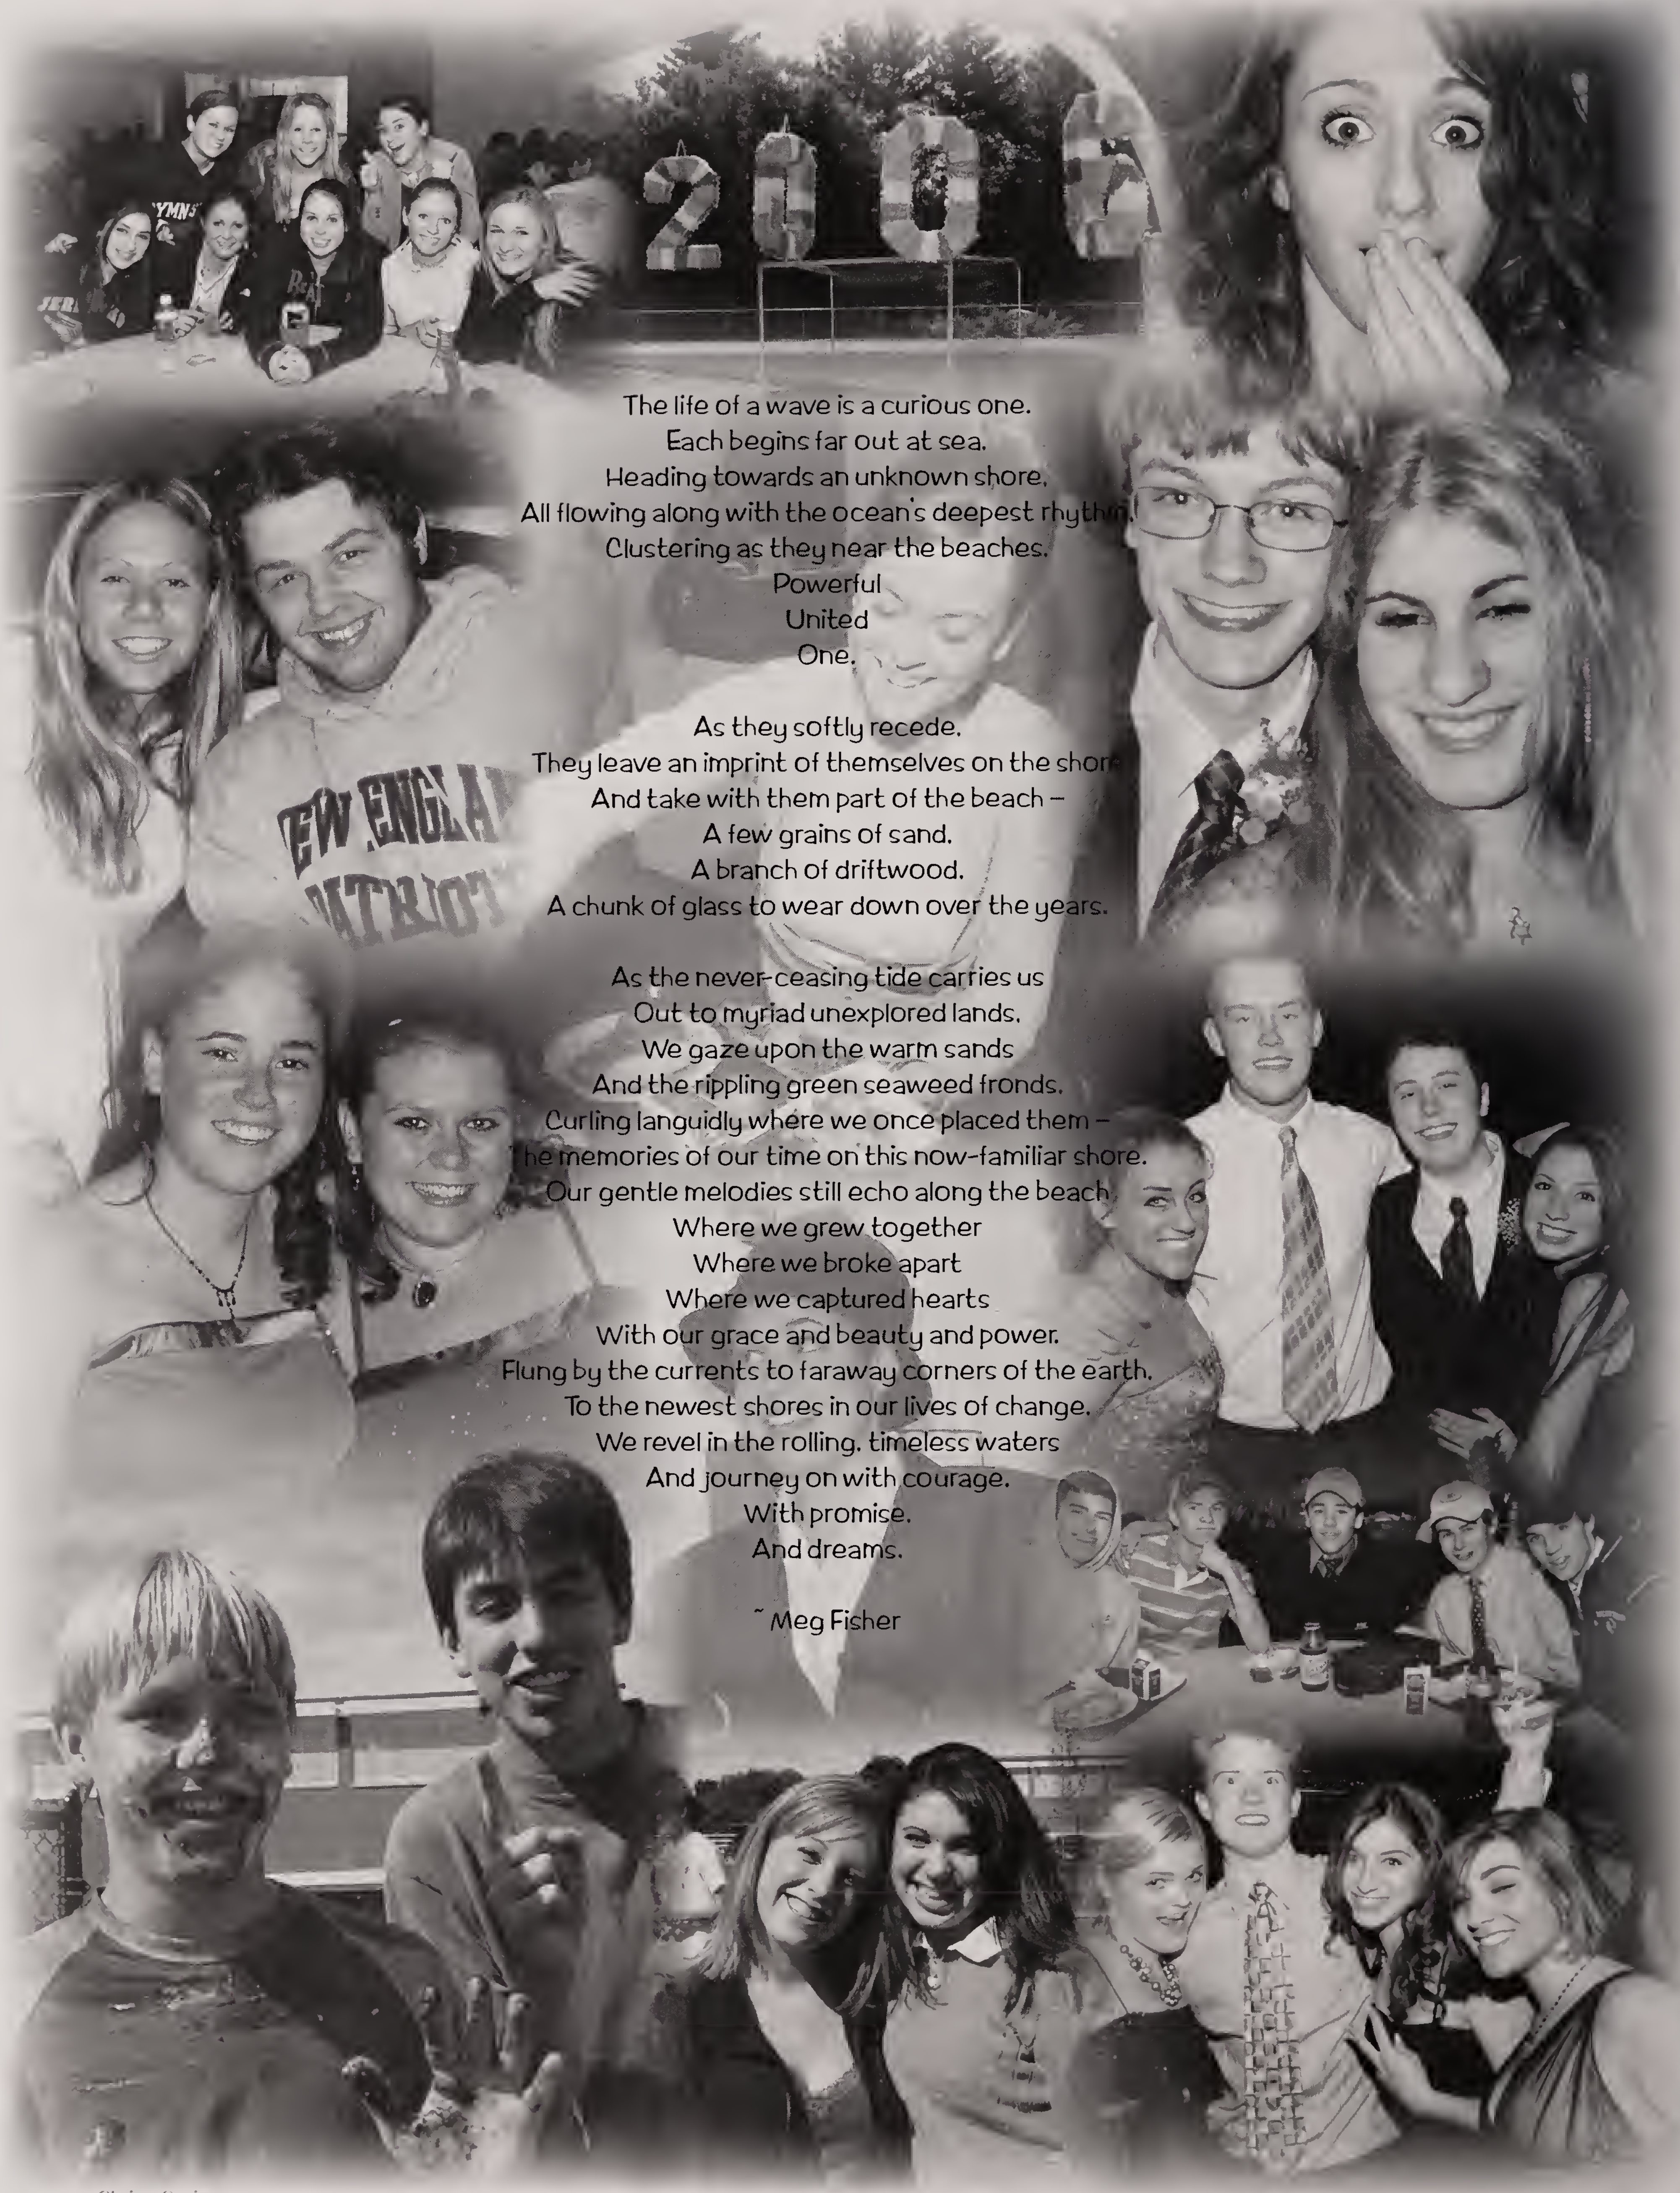
"He is a really great person, mentor, guidance counselor, coach, and friend. I would not be the same person I am today without him."
- Stephen Sullivan

"He truly cares about his students and it makes you feel like you can go to him for anything."
- Jen Prelack

Giving a Final...

Wave Goodbye

We ourselves feel that what we are doing is just a drop in the ocean. But the ocean would be less because of that missing drop. -Mother Teresa



The life of a wave is a curious one.
Each begins far out at sea.
Heading towards an unknown shore.
All flowing along with the ocean's deepest rhythm.
Clustering as they near the beaches.
Powerful
United
One.

As they softly recede.
They leave an imprint of themselves on the shore
And take with them part of the beach –
A few grains of sand.
A branch of driftwood.
A chunk of glass to wear down over the years.

As the never-ceasing tide carries us
Out to myriad unexplored lands.
We gaze upon the warm sands
And the rippling green seaweed fronds.
Curling languidly where we once placed them –
The memories of our time on this now-familiar shore.
Our gentle melodies still echo along the beach
Where we grew together
Where we broke apart
Where we captured hearts
With our grace and beauty and power.
Flung by the currents to faraway corners of the earth.
To the newest shores in our lives of change.
We revel in the rolling, timeless waters
And journey on with courage.
With promise.
And dreams.

Hurricanes ravage the Gulf Coast region in the fall of 2005, posing an unprecedented test of the United States federal emergency response efforts. Hundreds of lives are lost and thousands are left homeless in the wake of Category 4 Hurricane Katrina, followed by Rita and Wilma. The tragedy spurs contributions of money, talents, homes, food and more in an attempt to raise spirits and rebuild the area.

RISING FROM THE STORMS

August

25 Hurricane Katrina strikes Florida.

28 Mandatory evacuation of both New Orleans and Mississippi is ordered as Katrina becomes a Category 5 storm in the Gulf of Mexico.

29 Downgraded to a Category 4 storm, Katrina hits land. 1.3 million homes and businesses lose electricity in Louisiana, Mississippi and Alabama. 30 levees are breeched, flooding New Orleans and leaving 100,000 people stranded. After slow government response, civil unrest and looting begins.

31 President Bush surveys the damage.

September

1 30,000 National Guard troops are deployed. Gas prices spike to as high as $5 per gallon.

2 President Bush visits Louisiana and signs a $10.5 billion relief bill. Nearly 154,000 evacuees arrive in Texas.

4 The New Orleans Superdome is evacuated.

6 President Bush and Congress pledge to investigate the flawed disaster response.

9 Government-issued debit cards are distributed to evacuees. The program fails and is ended days later.

12 Michael Brown, head of the Federal Emergency Management Agency, resigns. Flooding is down to 50 percent in New Orleans.

14 New Orleans Mayor Ray Nagin announces a phased repopulation plan.

15 New Orleans begins to reopen. Katrina is named the most destructive hurricane in U.S. history.

20 Louisiana Governor Kathleen Blanco declares a state of emergency as Hurricane Rita strengthens off the coast.

22 Rita hits the Louisiana coast and heads for Texas.

23 Thousands evacuate eastern Texas and the 9th Ward of New Orleans floods once again after levees are overrun.
